

# Conquest-first. Human BDC. Fixed ops only.

Every competitor in this space is chasing inbound leads, retaining existing CRM customers, or replacing humans with AI. Service Customer does none of those things. They conquest brand-new service customers — people who have never visited your dealership — and close them with a real human BDC rep. A genuinely uncrowded lane.

WHY IT MATTERS

THE ONLY CONQUEST-FIRST PLATFORM

Zero overlap with what your team is already doing

Every competitor targets customers already in your CRM or responding to inbound. Service Customer exclusively targets brand-new conquest service customers — people who have never visited your store. This is additive volume, not a replacement for anything your team does today.

HUMAN BDC WHERE IT MATTERS

90%+ booking rate on cold conquest outreach

TRANSPARENT PRICING

\$3,995–\$5,995/mo with a money-back guarantee

"Service Customer reactivated more than 300 lost customers in our first 90 days. Their human follow-up blows AI tools out of the water."
